How to assemble

1. Print on white cardstock (65–110 lb / 176–300 gsm) at 100% scale. The 1 inch bar below should measure exactly 1 inch.
2. Cut along the solid gray line around the doll and around the stand base.
3. Cut the two short red slits: one up from the bottom edge of the doll's grass tab, one down from the top of the stand base.
4. Slide the slits into each other so the stand base crosses the tab. Your doll now stands up on its own.
5. Cut out Kai's hair and fold its two top tabs back over the head. Swap it for any PDW Boy V1 hairstyle, and dress Kai with any outfit made for boy dolls.

Safety: scissors and small paper parts need adult help and supervision for young children.
