Blank Girl Paper Doll Template

Blank template · PDW Body V1 · design your own

Print at 100% / "Actual size" — do not "fit to page"

Blank doll

Stand base

Design your own

1. Draw a face, color the skin and add hair, or keep the dotted base crop and add a printed hairstyle.
2. Page 2 has blank clothes in the real fitted shapes. Decorate them, then cut them out with their white tabs.
3. Cut the doll and stand, cut the red slits and slot them together.

Tip: color before cutting, and use the color editions of other printables for ideas.

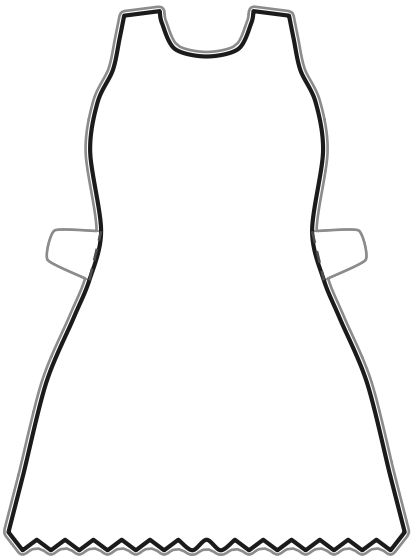

Free for personal and classroom use. Do not resell or redistribute the files.
